A DEEP MYSTERY

It is a mystery why women endure
Backache, Headache, Nervousness,
Sleeplessness, Melancholy, Fainting
and Dizzy Spells when thousands have
proved that Electric Bitters will quick-
ly cure such troubles. "I suffered for
years with kidney trouble," writes
Mrs. Phoebe Cherley, of Peterson, Ia.,
"and a lame back pained me so I could
not dress myself, but Electric Bitters
wholly cured me, and, although 73
years old, I now am able to do all my
housework." It overcomes Constipation,
improves Appetite, gives perfect
health. Only 50c. at all drug stores.

St. Petersburg is greatly stirred up
over a scandal. A child was found on
a door step, was taken in and has
since died from exposure. It is claim-
ed. A Miss Ruth Nichols is accused
of being the mother of the child and
a warrant was issued for her arrest,
but she is too ill to be moved. Mrs.
Julia Nichols, the mother of Ruth in-
dignantly denies that her daughter is
the mother of the abandoned child.

CHEAP RATES, SPECIAL TRAIN

Over the Seaboard Air Line, Nov. 21,
on Account of the State Fair at
Jacksonville—School Children Will
Attend

For some time past the pupils of
the Ocala High School have been all
excitement over a trip to the State
Fair at Jacksonville, which Supt.
Carn and Prof. Varn have been trying
to arrange for them.

Yesterday evening these gentlemen
in conference with R. M. Coffey, trav-
eling passenger agent of the Seaboard
Air Line, arranged for a special train
to leave Ocala at 6 o'clock on the
morning of the 21st, and to arrive at
Jacksonville at 9, making the run
from Ocala to Jacksonville in three
hours.

This service was especially de-
signed for the school children and
teachers, but it being suggested by
Professors Carn and Varn that a num-
ber of patrons would probably wish
to accompany their children, it was de-
cided to open the excursion to all de-
siring to attend. Ample accommoda-
tion will be provided for all, with ex-
cellent service, which assures a pleas-
ant trip, and the day is looked for-
ward to as a gala day, long to be re-
membered by old and young. A round
trip rate of \$1.50 for whole and \$1 for
half tickets has been arranged, and a
special train leaving Jacksonville at
6 p. m. will bring the excursionists
home.

"I have used Chamberlain's Colic,
Cholera and Diarrhoea Remedy and
find it to be a great medicine," says
Mr. E. S. Phipps, of Poteau, Ark. "It
cured me of bloody flux. I cannot
speak too highly of it." This remedy
always wins the good opinion, if not
praise, of those who use it. The quick
cures which it effects even in the most
severe cases make it a favorite every-
where. For sale by Anti-Monopoly

The British war office called Baden-

The hats were made by

JOHN B. STETSON

Ten thousand of them, and undoubt-
edly they are good today after a year's
service, in spite of South African rain,
dust and sunshine.

Hatters generally are afraid to
tackle Stetson's hats because of the
high price; but we find no difficulty in
getting \$5 for a soft hat of such re-
markable quality.

We are not offering South African

assurance of unusual satisfaction in
hat service.

All other good sorts of hats, of
course, but just now we are empha-

OUR EDUCATIONAL INTERESTS

Friday Literary Exercises at the Ocala
High School

The Friday afternoon literary exer-
cises at the Ocala High school were of
more than ordinary interest from the
fact that Rev. R. H. Morris spoke to
the pupils on elocution and oratory as
a science. Preceding this excellent
address the usual program was car-
ried out, which consisted of readings,
declamations, debates and the reading
of the school journal.

The Star reporter reached the room
in time to be impressed as one of the
judges of the debate and the other
judges were, Rev. Morris and Mrs. Jo-
sie Varn.

The subject of the debate was:
"Should the convict lease of the state
be abrogated?" Master Guy Zewad-
ski opened the discussion and affirmed
that it should. His thoughts and argu-
ments were placed on paper and he
read them in clear voice and with ef-
fect. Miss Jessie Palmer opened the
debate in the negative. Being absent,
Miss Leafy Sylvester read her paper
admirably.

The second affirmative was absent,
who was Miss Pelot, but her paper
was read by Miss Batchelder.

The second negative did not make
her appearance. No one read her pa-
per.

The papers prepared by Master Ze-
wadski and Miss Palmer showed dili-
gent research and thought and the au-
thors are to be commended for the in-
terest and ability shown in their prepa-
ration.

The decision of the judges was in
favor of the affirmative, which was re-
ceived with applause.

Harry Shaw is president of the club
and Samuel Teague is the secretary.

A communication was read from
Rev. R. H. Morris offering a fine gold
medal for the best declaimer in the
High School, open to all. The trial
for position as a contestant in the ef-
fort to win this medal will take place
Friday afternoon, November 29, while
the contest itself will be held Friday,
December 27, and will prove a memo-
rable day for the school declaimers.

The generous offer of Mr. Morris
was received with great demonstra-
tions of approval. The conditions of
this contest appear elsewhere in these
columns.

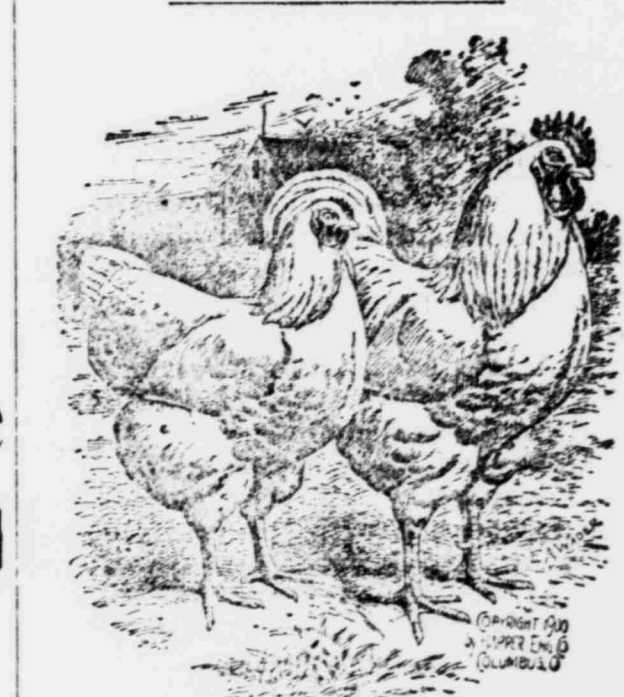

We must not forget to state that
Miss Sylvester is the editor of the
journal and its reading by her was
heard with great interest and the editor,
in its preparation, showed great
taste, rare discrimination and marked
ability.

Before Mr. Morris began his address
the pupils of the grammar department
marched into the high school room
and enjoyed the fine intellectual treat
with those of the higher grade.

The speaker had thought of taking
poetry for his theme, but changed his
mind and spoke on the science of dec-
lamation or oratory. Before getting
into the meat of the talk he depicted
the manner in which the average
bashful or indifferent scholar or an
over-confident and assertive pupil
reads or declaims and did it so art-
fully that it afforded intense amuse-
ment and caused great laughter. Mr.
Morris is an artist.

The speaker took the life and efforts
of Demosthenes to illustrate that it is
not genius that makes the orator any
more than it creates or accomplishes
anything else in life, but genius is
work, persistent and untiring. He
also illustrated how poetry should be
read or scanned and the different
measures that went with it.

He closed his splendid talk by re-
peating "Cataline's Defense." Before
doing so he asked the pupils if any
had ever heard it and only one pupil
raised her hand. It proved a rare
treat to all present, greatly enjoyed
and an occasion for remembrance. It
is needless to add that the gifted
speaker and eloquent divine had
"taught school."

GENERAL ABUNDANCE

There will be more syrup made and
more hogs killed in Lake county than
ever before this year, and there will
be more hay saved and corn and pota-
toes and other things, says the Lees-
burg Commercial. Of course the times
will be good. Just so in Marion.
Corn to burn and syrup to sweeten
the disposition of every man, woman
and child of the commonwealth.

AN IMPORTANT DIFFERENCE

To make it apparent to thousands,
who think themselves ill, that they
are not afflicted with any disease, but
that the system simply needs cleans-
ing, is to bring comfort home to their
hearts, as a costive condition is easily
cured by using Syrup of Figs. Manu-
factured by the California Fig Syrup
Co., only, and sold by all druggists.

thing." Beautiful patterns. Also
a nice line of imitation at 25 cents
